Dear Mr. Vitale,

I am the children's librarian at Scripps Miramar Ranch Library. Your fellow woodworker Dr. Robert Reese recently connected with me to offer several wooden toys from the San Diego Fine Woodworkers Association's Toy Program. I am writing to let you know how much I and the children at my branch enjoy and appreciate the toys.

The toys are beautifully made and I can only imagine the effort and time put into their creation. In addition, I observe everyday how excited the children are to play with the toys. The toys have only been here a short time yet the children have already gotten used to seeing them and impatiently ask "Where's the train?" or "Where's the truck?" if I have not set them out for the day. They are truly a hit with both the boys and the girls.

Thank you again for this generous and thoughtful gift. Please know that your toys will give many, many happy hours of play to the children in this library.

Sincerely,

Arianne Leigh
