

San Diego Fine Woodworkers Association

Volume 23

April 2004 Newsletter

Issue 3

The Next Meeting is 7 pm, April 28th at the Al Bahr Temple, 5440 Kearny Mesa Rd.
Behind the Hampton Inn.

April Program

Whether you are a professional or an amateur woodworker or somewhere in-between, finishing is a topic for everyone. This month's program will cover all aspects of finishing with oils.

Straight oil, Polymerized oil, Wiping Varnish and Oil, & Varnish blends. Which is which, how to use them, which is the easiest, which is the best, which to stay away from.

You can apply a gallery finish and you don't need expensive equipment. Come to this month's meeting and learn the secrets of oil finishes and dispel all the wives tales and misconceptions about this method of finishing.

Bob Stevenson will present this month's program. Bob, a Palomar Wood Technology graduate, runs his own business making custom furniture. Previously, Bob taught finishing at Palomar College and ran his own refinishing business. Bob also acted as a technical consultant for Bob Flexner's book, "Understanding Wood Finishing."

We know this will be a "something for everyone presentation."

See you on April 28th.

Del Cover, Program Chairman

April Raffle

Seven Goodies Any Shop could Use

Our Association sponsors have come through again with good prices and good ideas. From Bill Kohr's Craftsman Studios (Now Internet and phone orders only) we have the always great lie-Nielsen precision-crafted tool, a beautiful little block plane.

We get sizable discounts from Tool Depot for our routers, drills and many other tools we feature almost every raffle. The Tool Depot on Gaines, near Rosecrans and Midway, has quadrupled its selection, inventory, floor space and parking. Shop with these friends of the Association on Gaines or at either of the other two stores, and be sure to say thanks for their continuing support.

Speaking of support.... The raffle needs yours. Despite bargain prices from our sponsors, good high-demand tools don't come cheap. Ticket sales make it possible for us to share these tools with people who appreciate them. It could well be YOU! See you at the Raffle Table.

- | | |
|-----------------------------------------------------|--------------------------------------|
| 1. Ryobi Laser Compound Mitre Saw | Beautiful saw with laser cut locator |
| 2. Makita 9.6 volt drill with 9.6 flashlight | With charger and two batteries |
| 3. Lie-Nielsen adjustable-throat block plane | Like the Stanley 9 1/2 but better |
| 4. Porter Cable 693 Standard and Plunge router kit. | A Raffle tradition |
| 5. Kreg Pro-Pak Pocket-hole kit | Ask John Van Blerck about his! |
| 6. Ryobi Electric Handplane | Fast easy wood removal |
| 7. A Bucketful of wood, tools and surprises. | |

Ticket sales start at 6:30, half an hour before the meeting. Reward yourself by getting extra tickets.

Bill Collins, Raffle and Resource Chairman

From the President...

The Design In Wood entry forms are at our sponsors and also available on-line at <http://www.sdfair.com/pdf/wood04.pdf>. I hope you are working on your entries. Entry forms must be received before April 30 but you may also enter on-line at the above address. We have two categories of awards reserved for SDFWA members. First, second and third place awards for amateur and professional categories. Amateur class is reserved for members who have not previously won a ribbon and professional class is for members who have previously won. These awards are additional awards reserved for SDFWA members and are in addition to the awards available to all entries.

We still need volunteers for setup, teardown, working the floor and the chair shop. Sign-up sheets will be available at the meeting. There are plenty of positions available and we need your help. Building children's chairs in the 19th Century cabinet shop is a great way to polish up your hand tool skills, learn new techniques, or just conversing with the crowds. We also need volunteers for the floor to watch over the exhibits.

Floor duty can be rewarding answering the many questions about the pieces on display. Answers on all the pieces are available so you don't have to be an expert. It also gives you a chance to spend some time really looking over the different works on display.

There are usually over 300 entries and I know from experience that I seem to find something new each time I go through the show. Finally, we always need your help for setup and tear down.

No sign up necessary for this. Just show up. No skill needed. If you have a screw gun, bring it. We will even feed you coffee and donuts in the morning and also provide lunch. It is always a lot of fun and a good way to meet a lot of your fellow woodworkers. Times and dates are provided in Bob Stevenson's article on the Design in Wood Show.

Our meeting this month features Bob Stevenson. Bob builds American period reproductions using the same techniques as the master furniture makers of the 17th and 18th century. He uses the same tools having inherited his great-uncle's tools from the period. His work has been published in many magazines and articles and has been featured in Fine Woodworking magazine. Bob will tell us how to make a great looking oil finish.

This month Bill Collins has another great selection for the raffle. Remember to bring something for the brag table and get your raffle tickets early. See you at the meeting.

In a final note, long time member and Mt. Carmel High School shop teacher, **Steve Ulmer**, will retire in June after 29 years at the Rancho Penasquitos high school. Steve helped open Mt. Carmel in 1974 and is credited with designing and equipping the school's industrial arts building. He taught wood shop for many years to teens during the day and adults at night, probably including some of our members. I took his adult course many years ago and I also recall attending an SDFWA shop tour at his home many years ago. Congratulations on your retirement, Steve!

Shop Tour - Beaudrys Woodcraft

On Saturday May 8th, 2004, at 9am we will have a shop tour of Jerry Beaudry's home shop located at 11027 Dutton Drive (Shop phone: 619-444-1577). Free parking is available on the street. There is a driveway/ingress/egress leading to the shop and it is important not to block the neighbor's access.

Originally from Chicago, Jerry has lived in San Diego since 1979. In his early years, he would assist his father with his many woodworking projects, both at their home and at their rustic summer cabin in South Haven, Michigan. His love of woodworking has continued over the years, in various applications. From 1986 to 1995, he applied his knowledge of woodworking to become a Shipwright. One of his many accomplishments was the complete museum renovation of a 1926 Monterey Trawler. As a general contractor, Jerry's passion for wood was always evident in his work, from the delicate architectural intricacies of fireplace mantels, to custom kitchens, baths, home offices and built-in furniture.

After discovering the Cabinet and Furniture Technology Department at Palomar College, he immediately enrolled in classes and further developed his craft and love for design. Jerry has been greatly influenced by the true masters – Nakashima and Maloof, with whom he has had the privilege of personally meeting and working. The basic design elements of Mandarin, Shaker, and Arts and Crafts styles are also influential in Jerry's original creations.

Having come full circle, he now teaches his craft at Palomar College. Jerry is currently the Vice President of the PROFESSIONAL CABINET AND FURNITURE MAKERS GUILD OF SOUTHERN CALIFORNIA, an organization that he was instrumental in founding at Palomar College. Other affiliations include membership in the Woodworkers Society of America, the San Diego Fine Woodworkers' Association, and President of the San Diego Chapter of the Pontiac Oakland Club International.

I hope to see you there!

John van Blerck, Shop Tours (858) [673-3920](tel:673-3920), jvanblerck@jvbcm.com

April Membership Report

As of 11 April 2004, we have 1395 members, 1263 renewals and 132 new members. This total is 18 more than at this date last year. There are 553 spouses with member cards and 323 members opt for getting their newsletter from our website. With the large influx of renewals (about 300) following our reminder letter, the large majority of you made our work a bit easier by including the half-page renewal form with your check. Thank you; small things make a difference when dealing with such a large membership.

Len Wener, Membership Chairman lenwener@cox.net or 619- 222-5521

DESIGN IN WOOD

We are now heading down the home stretch for our 23rd Annual Design in Wood Exhibition of Fine Woodworking. The entry forms have been mailed and the entry form is also available online at: www.SDFAIR.COM. Exhibitors can enter online at: www.entrycenter.com. They will need to submit digital images and use a credit card to complete the online electronic entry.

This year we have a big job to set-up because of some new display cases we have constructed. However, once we complete set-up for this year, next year's set-up will take half the time and be so much easier.

The new display cases still need to have some final assembly. Next year we will be able to just wheel them in, open them up, and plug them in – no real assembly required. My ultimate goal is to have the entire evolution of set-up take only a couple of days.

Set-up this year starts during the week before Memorial Day. Tuesday, May 25, we will start our set-up at 8:30am and continue all week through the weekend. If you can help, just show up. Screw guns to drive Phillips-head screws and a couple of ladders are always helpful. We take care of coffee, donuts, refreshments, lunch, and cold drinks. You will also get some tickets to the Fair for helping with the set-up.

Entries for this year's competition close on April 30, 2004, at 5:00pm.

Entries will be delivered on Thursday, June 3, 2004, and judged on June 5, 2004. The Fair opens on June 11, 2004 with the award ceremony that evening starting at 7:00pm.

Another way you can get free tickets is to sign up for the Children's Chair Shop or the Gallery floor. Every shift you sign up for, you get two (2) tickets. Make a day of it and sign up to work in both areas and end up with enough tickets for the entire family. You can sign up in person at the next General Meeting, April 28, 2004. If you can't make the meeting call Sharon Pierce at: 760-470-1205 and sign up that way. We have many openings and need to fill them all. Parking is free. Sign up and find out where.

Merchandise Notice

I have delayed placing the order for Logo-monogrammed denim shirts to give more members an opportunity to take advantage of this additional special offer:

Members wishing to have their own shirts or windbreakers monogrammed can bring them to the April meeting. Names should be pinned to the bottom of the article.

The standard long or short-sleeved denim shirt with club logo continues to be a wonderful bargain. I still have some in stock, and can take additional orders at the meeting.

SDFWA Tips and Techniques

I am starting a new article for the newsletter. Whenever I get my favorite woodworking magazine I always turn to the tips pages first. So I am trying something new beginning this month. SDFWA Tips and Techniques will publish some of the favorite tips and techniques from you, our fellow members. I will try not to repeat published ones but I make no promises. So, send me your favorites, by email or snail mail and we will try to publish as many as we can. If you have a really neat jig, tell me about it. We will put it in the article and then you can bring it to the brag table to show and explain it, like the one Bob Coates has below. For now, I am the sole editor of this column and I will not be held accountable for any messed up projects resulting from these hints. So, with that in mind, here are a few tips and techniques. For the next newsletter (and to keep some focus) send me your favorite tips and techniques for the router. This could be a jig, or a way to set up the router, or clever ways to store bits or just about anything to do with the router.

Use those plastic hangers that have the clothespin like clips for hanging your shop drawings while working on your project. Use as a regular hanger or cut off the hook and screw the body to the wall. It keeps the plans handy and off the workbench.

Punch about 8 holes in the rim of a can of finish so the excess can drain back into the can. Then make a mark on the lid and front of the can so you can always put the lid back in the same place, insuring a good clean, tight fit.

When working with finishes that cure with exposure to air, such as tung oil, I fill the can with marbles to hold the amount of air in the can to a minimum.

When using latex or rubber gloves it always a pain to get them on the second or third time. Just blow them up like a balloon to pop out the fingers and they easily slip on.

DISPLAY CASE PROJECT AT PALOMAR COLLEGE

SDFWA Volunteers, Palomar College staff, and the 22nd District Agricultural Association combined resources to build new display cases for the Design in Wood Exhibition and Palomar College.

The 22nd District Agricultural Association provided the big dollars, Palomar College provided the shop space and use of some machines, and mix in volunteer members of SDFWA and out comes twelve (12) beautiful display cases.

On March 6, ten members got together and cut up three (3) pallets of Baltic Birch Plywood at the Palomar College Wood Technology Program. On Monday, March 15, nineteen (19) more members (18 men & 1 woman) met at the Palomar College theater Scene shop. By Tuesday at 2:00pm twelve (12) new display cases were completed and ready for finishing. Ten (10) of the display cases will be used at the Design in Wood Exhibition. Palomar College will use the other two to display student's work at the Fair. Thanks to the following folks for all their work on this project.

VIDEO LOAN REQUEST

You must be a member of SDFWA to borrow videos

I wish to borrow one of the following videotapes and agree to return it within seven (7) days of my receipt of it. A postpaid return label and an order form are enclosed. I understand that a late return charge of \$1 per day may be assessed and that I am responsible for replacement of the tape if it is damaged or lost while in my custody. If your first choice is not available, you will receive your second choice.

Enclosed is \$3.00 to cover postage and handling. My choices are:

(1) _____ (2) _____

NAME: _____ PHONE: _____ E-Mail _____

ADDRESS: _____ CITY _____ STATE _____ ZIPCODE _____

SIGNATURE: _____

Make checks payable to SDFWA. Mail to SDFWA LIBRARY, c/o Bob Reese, 10886 Aviary Ct. San Diego, CA 92131

E-Reminders

We now have an E-Reminder system setup, which will send out emails to remind members of up coming events such as shop tours and the Old Tool Swap Meet. If you would like to be added to the list, please send me an email to jvanblerck@jvbcm.com, and I will add your email to the list. The system has no irritating popups or commercials attached to it!
