Our 37<sup>th</sup> Year of Bringing Woodworkers Together

The Next Meeting is 7 pm, Wednesday, April 25<sup>th</sup>, at Our Mother of Confidence Catholic Church 3131 Governor Dr. - corner of Regents Rd. Serra Hall (Downstairs)

## April Program: How to Win

**Dell Cover,  
Program Chairman**

April Program  
How to be competitive in the "Design in Wood Show"

With the entry deadline is nearing for this years show do you have a piece that you want to make and enter into the show, but are not sure about how to get it ready?

Ed Gladney, show chairman for the Design in Wood Show, will give a presentation on how to get your piece ready for competition and what the judges are looking for. He along with several of the judges will talk about what they look for in a piece and what can cause a loss in score from overall design, craftsmanship and finishing. They will show us why they like certain pieces and what they are looking for. This can help all of us in fine tuning a piece and those extra steps in having a winner or not. The meeting will be on Wednesday April 25 at 7:00Pm at our new location, Our Lady of Confidence Catholic Church-Fellowship Hall, located at 3131 Governor dr. (at the corner of Regents and Governor Dr. in University City)

See you all there, Del Cover Programs

Sugar Pine is friendly, mellowed with honey, and exudes a sweet, sociable, woody odor that hangs in the air like a forest on a warm day. In grainy red oak, there lurks a brittle and acrid scent that bites but is as mysteriously pleasing as the wood is to behold. White oak, a creamy gray rather than white, is meaner, harder and more close-grained than its red cousin with a sharper and less friendly scent, but still pleasing to the eye. Close grained, featureless Baltic birch, saved by its utility, is annoyingly sharp and dry with qualities that include watery eyes and sneezing. Maple, famous for honey colored, shimmering bird's eyes, has a smooth odor with just a hint of sweetness and cuts just like it smells, if the plane's blade is sharp, making thin, tight curls on the floor of a woodshop. Olive wood is rare and complicated, with pinks, grays, tans and golds blending in intricate harmonies, wood which smells when cut, like fermented olive oil, rich and heady, as full of flavor as the wood is full of color. And there is teak. Soft, golden teak, a greasy, forgiving wood that works like a dream, plays with the nose and invades the lungs with oily dust. The smell is rich, cloying, and unless you were raised in the jungles of Malaysia, as undeniably foreign as paprika,

So open up folks. What is your take on wood? Do you have a favorite wood? Do you prefer a certain wood for a particular task? Are you "urban wood" and work with predominately green timber? How do you cure the

wood? Problems along the way? Tell us about them. Or you hang out at Frost or TH&H or any of the other businesses who sell wood. Compare them, list problems and attributes. Carvers, laser geeks, CNC aficionados, what woods work for your projects? New members, welcome and jump in. We would love to hear from you.

Send your thoughts to [Newsletter@sdfwa.org](mailto:Newsletter@sdfwa.org). It would be very cool if someone would submit a poem.

## **President's Message,** **April, 2018**

**Mike Davis, President SDFWA**

### **Thank You to Our Volunteers**

April is here and we are entering one of the busiest times of the year for SDFWA. We are working hard on getting things ready and entries in for the fair. We are working on the fall seminar, and we just finished the April Old Tool Swap Meet this Sunday. There is a Shop Tour coming up and many other activities. It makes me think about how many activities we have for our members, and how much work is done by a very few people in our organization. I want to thank each and every volunteer we have in our organization. This small group of people makes a significant impact on our organization.

This week alone, volunteers met to plan the fair, did countless jobs at the Member shop, hauled and sold tons of tools at the Swap meet, made and a lot of coffee, with the funds going to the Turnaround for Vets program, produced this newsletter, made toys for children, picked up donations of books, and did the many other jobs required to keep our organization running, Please, if you get a chance, thank one or more of our volunteers who put in many hours of hard work.

And if you want to be a part of this, we do need help. I have several work groups that are starting work on task items that will affect how our organization operates. If you would like to be part of one of these groups and have an impact on our organization, the time is right! In addition we need several committee chairs to replace current volunteers who would like to take a well-deserved rest, including the newsletter editor, email list manager, helping setup and run the Swap Meet and other duties. IF you can help with any of these things, contact me and I will put you in touch with the right person or people. And then I will be thanking you too in a future newsletter.....

**Volunteers from our membership are needed to walk the floor and work in the chair shop.**

**NO experience is necessary to volunteer, and volunteering is very rewarding.**

**Go to <http://www.sdfwa.org/volunteer-duties/> for detailed information, schedule and signup instructions.**

Help is needed with set up starting Monday, May 14 at the fairgrounds Mission Tower building. Enter the Solana gate and park near the building. Bring a screw gun, if you have one. There is a lot to do. We have Marines to do the heavy lifting. In addition to free fair tickets; enjoy coffee, juice and donuts in the morning; a great lunch and refreshments throughout the day. Come in and find any of our staff (those are the ones with employee badges) and they will get you signed up and put you to work. If you have problems, seek me out and I will find something for you to do.

Once the fair opens, we need members to "walk the floor" to help educate the public and protect the exhibits. A shift is three hours. You receive two tickets for each shift or four tickets for each closing (last shift in the evening). In addition, we need members to work in the chair shop building children's chairs for charity. A shift is two hours. You receive two tickets for each shift.

Fair tickets will be given to those who volunteer. Volunteer for several shifts and you can receive enough tickets for your family and friends. Up to 4 tickets will be given to those who help with setup (exact number depends on amount of time helping). Two tickets will be given for each floor-walking shift or chair-shop shift.

**Remember, sign up for a shift and also get two (2) free tickets to the Fair. Sign up for several shifts and get enough tickets for your family and friends.**

**AGAIN THIS YEAR: SIGN UP FOR THE CLOSING FLOOR-WALKING SHIFTS AND**

**DOUBLE YOUR TICKETS TO FOUR (4) TICKETS FOR EACH CLOSING SHIFT.**

**For those who help with set up, we have free tickets based on how much time you work; along with the refreshments and a great lunch.**

**Sign up to volunteer online at [www.sdfwa.org](http://www.sdfwa.org), or at the general meetings, starting with this month's general meeting.**

This is your exhibit, SDFWA. Let's make it the **VERY BEST.**

**Member Shop Project**

**Gary Anderson,  
Member Shop Chairman**

Greetings from the Shop!

Our new 3D Printer has arrived. Our "table team" has built a beautiful enclosure for it and it's up and running! Thanks again to Travis Good for donating this unique piece of equipment.

If you're curious about the 3D printer and would like to see it in operation, you can! (even if you're not a Shop Member). The first and third Tuesdays of each month are "Digital Hangout" nights, from 6pm-8pm. Just show up at the Shop and Travis and others will be on hand to show you how it works, what it can do and to answer your questions. They will also do the same for the CNC and Laser. So mark your calendar now for May 1st.

Special thanks go out to our Special Projects Chairman, Doug Glessner and his team (Mike

Kirk and Pat Duffy) for their recent work. Pat was asked by a local school to build a custom 12' bench and cabinet for one of their labs. The team did this for a price far less than the school would have paid on the open market. Yet the proceeds will generate approximately \$1,000 for the Shop. This Special Projects concept has always been part of our business plan. If you know or hear of someone who needs a special project built, please refer them to us. It's a true "Win-Win" program.

Another "thank you" goes out to WWW (Women Who Woodwork). The ladies built a specially designed cabinet to house our first aid equipment. It now hangs proudly, just inside the tool room. This is one donation we sincerely hope will never be used!

We've made the decision to open up the Carving "SIG" (Special Interest Group) to all SDFWA Members, even if you're not a Shop Member. The purpose of this group is simply to bring together anyone interested in carving. The group meets the first and third Tuesdays

of each month at the Shop to carve, learn from each other and just enjoy each other's company. If you have an interest in joining them, call Chuck Meacham at 858-273-8677. There is no cost to join.

We hope to see you in the Shop soon!

Thanks!

Gary Anderson
