## **January Program**

### **"How to Make Fake Furniture: Hollywood Style"**

Kenny Sanford is a furniture maker with 20 years of experience in the film and television industry. He has created such sets as the spiral staircase in Dallas, the whimsical oversized furniture in Dinosaurs, the Chinese style furnishings and villages in Red Corner and the sets for Batman and Robin. Quoting Kenny from an article in Woodworker West, "We deal in abstract realism, creating fantasy. We are professional counterfeiters. You have to be a master of all talents, everything from a cabinetmaker to a bricklayer. One day you are making fine furniture, next day a rock. Most of what we create will be trashed after production completes the picture. However my furniture is more enduring. It often can be found in some movie executive's living room, after the production is complete." This promises to be an inside look at a unique area of woodworking seldom seen by most woodworkers.

### **Del Cover, Program Chairman**

## **From the President...**

Greetings fellow woodworkers and Happy New Year. The year is just getting underway and we have a lot of activity already. First, it is time to renew your membership! Different color cards are being issued again this year and you will need a new card to continue to get those great discounts from our sponsors. Even if you can't take advantage of the many opportunities of this great organization, the discounts from our sponsors far exceed the price of membership. So, renew now while you're thinking of it and you won't be embarrassed when you are standing in the checkout line at Rockler.

Planning has already started on our spring bus trip and fall seminar. Vice President Bill Kohr did an excellent job last year and he is taking charge again this year. We will have more on this in the near future.

We expanded our mentor program last year and it continues this year with a router class in February. Chuck Anderson did such a great job on the mentor program, he is taking on the task of expanding the program to include local toy making workshops. See his ideas in this issue.

The San Diego Fair Design in Wood show committee held its first planning meeting and is off to a great start. Bob Stevenson returns again this year as show chairman. The Design in Wood show has grown to become one of the top woodworking shows in the country. We were covered in every major publication last year and we expect the same this year. Last year we expanded awards for SDFWA members. 1<sup>st</sup>, 2<sup>nd</sup> and 3<sup>rd</sup> place awards are reserved for SDFWA members in the Professional and Amateur category. In addition, your entry is still eligible for one of the many other awards in 20 different categories. So get to work on your project.

The San Diego Fine Woodworking Association has grown over the years to become the top woodworking organization in the country, if not the world. Of course the biggest asset our organization has are you, its members. Woodworkers make the organization and woodworkers make great volunteers. There are many opportunities to get involved, meet fellow woodworkers and be part of the largest and most active woodworking organization in the world! So if you feel that you can contribute let us know. Contact any board member if you are interested in serving on a committee of this fine organization.

See you all at the January meeting.

I hope to see you there! **John van Blerck, Shop Tours**

## **New SDFWA Program being Developed**

We are developing a new program to expand the SDFWA toy-making workshop concept. The idea is to have several experienced members willing to host small, localized toy-making workshops. The idea is to have a number of localized home shops where SDFWA members can get together and have fun woodworking. We would like this program to include new members and/or novice woodworkers who could join a host group and learn new woodworking skills. This is a new idea and will take some fine-tuning to get up and running.

Some initial ideas are;

1. Identify people who would be willing to host a group of wood workers to a toy-making get together in their home shops.
2. These sessions can be once a week, once a month or whatever the host wants to do.
3. A notice will be placed in the newsletter listing the name, address, phone number and email of each host with information on how to get involved.
4. For those who would just like to work by themselves I would like to start a "toy part" program where each person makes a toy part to be collected with other parts to assemble a finished toy.

I would like any interested parties to meet with me in the lobby at 6:30 prior to the next general meeting.

If interested, please forward your address, phone numbers and email address to;

CHUCK ANDERSON  
858-273-3055  
[CHUCKER@SAN.RR.COM](mailto:CHUCKER@SAN.RR.COM)

I look forward to working with you.

## **Mentor Program.**

There will be a class on basic router use on Saturday the 15<sup>th</sup> of February. The class will be in two locations, Ed Gladney's Shop and Chuck Anderson's Shop.  
Sign up sheets will be available at the January meeting.

**Chuck Anderson, Mentor Chairman**

## **Member Passes Away**

On December 5, 2002 our friend Bill Whitelaw passed away. Bill had been a very active member in the association, since the early 1980's, and his involvement included the Design in Wood Show, and organizing the Annual Seminar. In a ceremony held in Del Mar, many of Bill's friends shared stories of Bill's life, and the good friend he was to many people. Bill was born in Tennessee and was one of the engineers in the NASA program. As told by his wife Allison, he could fix anything from a kitchen appliance to a space capsule. Bill's woodworking was complimented by Alison's architecture and many of his projects were based on her designs.

## **Pro Bono Fall 2002**

Thanks to all who made the many hundreds, of toys this year. We had a particularly busy Christmas season, possibly due to the economy but there was a high demand for toys all year long, as there always is. Our busy toymakers made lots of happy kids.

Major recipient organizations were:  
Logan Heights Health Medical clinics  
All of the County Child Development centers  
Casa De. Ampro shelter  
St. Vincent De Paul  
E.Y.E. Recovery  
All of the city Healthy Start locations

## **SDFWA Mailing List**

We currently have 145 members subscribed to our mailing list and the numbers are growing. In case you haven't heard, this is the email mailing list where we provide last minute information and reminders.

We try to plan events well in advance and notify everyone via the newsletter and web site. Unfortunately sometimes *Murphy* intervenes and it is necessary to make a last minute change to a location, time or date. Subscribing to the list will ensure you have the greatest possible notice about these changes.

This is not a chat room or anything like that and we don't give out your email address to anyone else. Occasionally we send an email when we have something important to share with the membership.

You can join from our website at this address: <http://www.sdfwa.org/memberapp.htm> just enter your email address in the box and click the "join" button.

See you on the list!

**THE FOLLOWING ITEM IS OUT OF WOODWORKER WEST:**

Last year, I wrote a letter nominating the **Woodworkers United for America** for the *Minwax Community Craftsman Award*. This annual competition attempts to recognize woodworkers who have been beneficial to their community through the use of their woodworking skills.

It was amazing how word of mouth (or word of Internet) produced a network of woodworkers from across the country - professionals to cub scouts - who volunteered to construct flag display cases for those who perished in the attacks of September 11, 2001.

I thought that there was no better way for our *woodworking* community to help the families of the deceased and the greater national community in this period of mourning.

This past Fall, I received a call from a Minwax representative. After thanking me for my nomination, they informed me that WUFA had finished as *First Runner-Up*, losing out to a woodworking club in Virginia that made *Toys for Tots*. I do not know the details of the activities of this Virginia club, and I am sure it is undertaking a very worthy effort. However, more than half the clubs in this country are making toys for neglected and sick children. This effort by WUFA is a unique and, hopefully, a once-in-a-lifetime experience, emerging on its own as a natural expression of national solidarity. Moreover, this would have been a perfect public relations vehicle to promote the craft, besides bringing significant attention to Minwax.

Subsequently, WUFA has declined the runner-up prize of a supply of Minwax products. It's hope was to win the \$5,000 cash grant to help offset some costs of shipping cases to the East Coast.

WUFA is clearly the *Woodworking Organization of the Year*, and I urge anyone so inclined to visit its web site- [www.woodworkersunitedforamerica.org](http://www.woodworkersunitedforamerica.org)-and make a contribution to support this truly honorable effort.

IF YOU DO NOT WANT TO CONTACT THE ORGINAZATION VIA THE WEBSITE, BUT WANT TO MAKE A CONTRIBUTION WE WILL BE PASSING THE HAT AT THE MEETING.

## **Toy Program**

## **Cut Out Program**

All the members who participated in the cut out program should be proud of themselves for an outstanding year 2002. The total for 2002 is **3699** cut outs.

Part of that total are the following cut outs turned in at the November meeting:

Don Holcomb	71	Bob Antilla	150
Linda Bitner	23	Harry Burns	212 (non-member)
Dallas Breen	46	Collins Shop	92
Anonymous	60		
<b>Total</b>	<b>654</b>		

Members who made **Memory Boxes** should be especially proud of their contribution due to the amount of work entailed in making a memory box.

Turned in at the November meeting:

Chuck Goldsmith	21	Carl Drake	5
Odilio Brand	14		

**Total 40**

**Total for year 161**

The children at the Childrens Hospital thanks all those who made cutouts and memory boxes. Remember if you need material and patterns see Jack Thurman.

## **Wants**

I am a new member and am looking for a source of well-made canes from which I can select a suitably "feminine" cane for my mother. If you know of any local source of canes, I'd appreciate a referral. If not, this may be a wonderful future project for club members to make as gifts, or for sale, to members of our community.

**Scripps Ranch Theatre Needs woodworkers**

Scripps Ranch Theatre is looking for a few good builders and craftsmen. The SRT set Builders Auxiliary is recruiting willing hands to join in the fun of creating some of the best sets in one of the best theaters in town. All levels of involvement are available, whether you want to put in a few hours or a weekend. And all skill levels are welcomed, as well. We do four shows a year and our members do what they enjoy doing, from making architectural drawings to rough carpentry, to finish work. We also do a lot of faux finish painting and special effects work as well.

Building sets is fast, interesting and fun. You have to get "the look" but it's not the real thing! The set Builders Auxiliary is a group of folks who like the creative challenge and camaraderie of translating the vision into a reality. We are a friendly relaxed group and we have a lot of fun enjoying what we do. If you are interested in learning more, contact Gil Savage at (858) 693-8382 or email [gilsavage@yahoo.com](mailto:gilsavage@yahoo.com). Thanks
