January Program

Guitar Building

The making of musical instruments is a totally different side of woodworking seldom seen by most woodworkers. It requires great skill and finesse, but can be achieved with some training and practice. Ken Minasian, a guitar and furniture builder will show us how these instruments go together along with some of the tools and jigs used in their construction. He will be talking about the evolution of guitar making, but will focus on the acoustic steel guitar. He plans to bring 3-5 examples of his work along with his other props. Kens guitars and furniture has shown very well at the Del Mar Fair in recent years and his Maloof / Greene & Greene rocker, built of urban hardwoods was on the back cover of Fine Woodworking #165.

San Diego Tool Parking Lot Sale

Just a note to remind you that Thursday, January 20 is the PAST San Diego Tool Parking Lot Sale from 6AM-NOON. The sale will be held at the Four Points Sheraton Hotel, 8110 Aero Dr. in San Diego. Anyone can sell and for this part of the show, you don't have to be a PAST member. Get there early if you want a decent space. If you can, spend the night in the hotel the night before. There will be some tool room hopping Wednesday (early preview of the hotel show, January 21-22). So far Al Bennett has 65 sales tables sold for inside the hotel and if you haven't signed up yet, do so immediately so Al can order the tables. You do need to be a member of PAST in order to sell inside the hotel. Tables cost \$20 each. For more information, contact Al Bennett (albitron2@cox.net). There will also be lots of talk at the show as to how the members can improve PAST and make the San Diego Show better next year.

DESIGN IN WOOD EXHIBITION 2005

The Design in Wood Exhibition will run from June 10 to July 4th, 2005. The theme for this years' San Diego County Fair is "Cinema Summer." It will most likely have a heavy emphasis on movies made in San Diego.

The entry deadline for this year will be Friday, April 29, 2005. Entry forms should be out no later than March. Entries will be accepted online this year. You will have to send digital photographs and pay by credit card if you choose to enter that way. Hard copy entry forms will only be mailed to those of you who sent back the postcards mailed in December. Additionally, entry forms will be available for you to down load online and at all of our sponsors once they are printed.

Setup for this year's exhibition will be during the week of May, 22, 2005. If you can help out that week, we sure could use your assistance. Setup will start on May 23 at 8:30am in Mission Tower Building and continue through Thursday, May 26.

If you have any questions, please don't hesitate to call or email me:

January Membership Report

We ended 2004 with 1609 members, a decrease of 46 from 2003. As usual, renewals at this time are lagging, so I urge you to **renew your membership now**. I ask for your help in the following ways:

Renew your membership this month, saving the labor and expense of sending out reminder letters in February. Keep your benefits current.

Sending in the half-page renewal form with your check, unstapled please, will speed up the processing. After sending out new member cards and entering the data in the computer file, the forms are given to Harry Baldwin for updating the mailing list. For any missing information on the form we will assume it is unchanged from last year, except for request for a spouse's card.

If you choose to get the newsletter from our website, www.sdfwa.org/newsletters.htm, send an email to HarrySDFWA@aol.com with your name. He'll remove you from the postal mailing list and send you a private email notice when the next newsletter is on the website. You can change that option at any time.

We take pride in being of service to our members. If you have a problem relating to your membership, let us know.

Len Wener, Membership Chairman lenwener@cox.net or 619- 222-5521

From the President...

Greetings and happy New Year! 2005 is here and we already have a lot of activity. First and foremost, it is time to **renew your membership**. You need your new membership card to continue receiving discounts from our local sponsors. It is easy to forget so if you haven't already renewed then do it right away. Get the form on line at <http://sdfwa.org/memberapp.htm>.

We were contacted late last year by Chris Connington of Vermont American to help with building a playground structure at Camp Pendleton. Vermont American, Bosch Tools, Workbench Magazine and the VFW Unmet Needs program are sponsoring this effort. Chris Connington of Vermont American visited our January board meeting and presented the details of the project. Chris and the board met with Camp Pendleton people the following day. They are extremely enthusiastic about this project. We selected the location and plans are being drawn for the playhouse structure. These plans will set the standard for other military bases. We have a project plan and schedule in place with leaders assigned for each task. Completion date is set for April 1st. Bosh and local sponsors are donating all tools and material. We are still getting the list of donors. There is a big event planned for the April 30th dedication.

R Lee Emy and possibly Gary Sinise are featured guests. All donated tools used on the project will be raffled among SDFWA volunteers. We still have room for volunteers to work on this project and we still need a few task leaders. It would help if you have construction experience but it is not necessary. Chuck Anderson will be at the meeting with a sign up sheet for volunteers. If you cannot make the meeting and still want to volunteer, please contact Chuck Anderson or me. We will have more information on this project at the January 26th meeting. You can find out more about the Unmet Needs program at <http://www.unmetneeds.com/>.

The Design in Wood show committee already held its first planning meeting. Bob Stevenson returns again this year as show chairman. The theme this year is the "Cinema Summer". The Design in Wood show has grown to become one of the top woodworking shows in the country. Remember that we have categories reserved exclusively for SDFWA members. Member entries are still judged with all others but SDFWA member entries are eligible for two additional categories. First, second and third place will be awarded for both the novice and professional categories. Novice is the category for those who have not previously won an award and professional consists of those entries that have already won an award. So get to work on those entries.

Christian Becksvoort is our fall program speaker. His specialty is Shaker furniture. You can see his work on his web site at <http://www.chbecksvoort.com/>.

We are looking for ideas for the spring bus tour. Please email your suggestions to Tom Henderson at tomlin1@cox.net

WoodWorks is a new woodworking show sponsored by Popular Woodworking magazine. It will be held at the Ontario convention center February 4 - 6, 2005. They have a juried gallery with five categories and first, second, third and honorable mention awards in each category. There were few entries last year so your chances are good. Information is on line at http://www.woodworksevents.com/home_ca.shtml. We will have a booth at the show. You will get a free pass (good for the entire 3 days) in return for doing a 2 hour shift in the booth. If you are interested please email me.

Letters of Appreciation

Fine Woodworkers Association C/o James Vitale

October 22, 2004

Dear Committee Members:

Thank you so much for helping SAY San Diego's Start Smart program with a dozen chairs. They are going into classrooms right away. By next week, children and their parents will be using them when they participate comfortably in hands-on activities in our preschool and toddler classes. The quality of the workmanship is wonderful. Our educators and parents always comment on it.

Please keep us in mind as you prepare your beautiful handmade toys for the holidays. Start Smart enrolls over 150 children from infancy to age 5 every few months, and our families were thrilled beyond measure with the fine wooden toys they got last year. Most of our families are low-income and could never afford the kind of items your organization has provided.

SAY San Diego is a nonprofit organization that has been serving children, youth, and families in San Diego for over 30 years. The Start Smart program is part of the County's priority to help children start school ready to learn. We operate parent-child interactive classes at more than a dozen locations throughout the city. Over the past year we enrolled approximately 700 children and 600 parents.

Thank you so much for your generous support of our program. It makes a tremendous difference.

Sincerely, Ellen Yaffa, Start Smart Program Coordinator

James Vitale

December 9, 2004

Your Toy Committee has really outdone itself this time. The selection, quality, and quantity of wooden toys your organization has provided for SAY San Diego families is truly outstanding. I have sorted all the items into a mini-inventory so that I can distribute them fairly. This holiday season, Fine Woodworker Toys will delight over 200 children attending preschool-type classes at 13 different locations throughout San Diego. Thank you so much. We are putting some of the larger items-such as the "hauling" trucks and tool kits-into the classrooms so that many different children can enjoy them time and again. Each and every item is a beautiful piece of work.

Thank you so much. Start Smart and Our Kids Count (in Murphy Canyon) serve several hundred children over the course of each year. Our participating families make great strides in building skills needed for kindergarten and learning how to support learning at home. Most of the families who participate in our programs would not have the ability to purchase the type of quality toys you have provided for them, so that getting them is a real treat.

Sincerely, Ellen Yaffa, SAY San Diego, Start Smart Project

On behalf of Family Health Centers of San Diego (FHCS), please express our sincere appreciation to all of your volunteer wooden toy makers for the recent donation of approximately 150 toys for use during this upcoming holiday season.

Our agency is adopting close to 65 families this Christmas season and the baby cradles and the wooden toys---tool kits, rolling rattles, trucks and cars---will definitely bring a smile to many a thankful young girl or boy in the communities we serve.

As you know, the Fine Woodworkers has assisted FHCS for several years in its efforts to provide both holiday and year-round gift items to low-income children in San Diego. The Fine Woodworkers has also been of great service to two other collaborating groups---Soroptimist International of Mission Bay and the YWCA Family Shelter---in their holiday gift collections for deserving children and families.

Once again, thank you for your continuing support and assistance.

Sincerely, Nancy Bryant Wallis, DrPH, LCSW Regional Director,
Special Populations and Satellite Operations Family Health Centers of San Diego

Pictured above are the results of the Palomar Toy Workshop held on campus this last fall. The toymakers can be justly proud of their work which will be coveted by the lucky children who receive them.

2005 Fall Seminar

Christian Becksvoort

If you have read Fine Woodworking, you will have read articles by Christian Becksvoort. Christian is a traditional craftsman, specializing in solid wood furniture. He has been a contributing editor to Fine Woodworking magazine since 1989. Christian will be our 2005 Fall Seminar presenter and his book, *The Shaker Legacy*, will be yours as a part of the seminar admission. Here's a quick preview of what's in store for this fall's event.

The Shaker Legacy

Christian Becksvoort

The heart of *The Shaker Legacy* is an extensive visual tour of more than 140 classic Shaker pieces, many of which have never been previously photographed for publication. Photographs taken on location at various communities as well as rare material from Shaker archives enrich the sections on Shaker history and belief. Becksvoort explains how Shaker belief inspired the design principles exemplified in Shaker furniture and how to recognize the careful craftsmanship and signature details that define Shaker style. Becksvoort also discusses the largely unknown Victorian period of Shaker design and explains how Shaker furniture has influenced other furniture styles. For everyone who loves Shaker furniture and wants to deepen their appreciation of this classic style, this is a beautiful book to be treasured.

VIDEO LOAN REQUEST

You must be a member of SDFWA to borrow videos

I wish to borrow one of the following videotapes and agree to return it within seven (7) days of my receipt of it. A postpaid return label and an order form are enclosed. I understand that a late return charge of \$1 per day may be assessed and that I am responsible for replacement of the tape if it is damaged or lost while in my custody. If your first choice is not available, you will receive your second choice.

Enclosed is \$3.00 to cover postage and handling. My choices are:

(1) _____ (2) _____
