January Program

Milk Paint

Speaker: Heather McCalla

Heather McCalla, a San Diego native, is a designer and craftsperson of unique objects and fine furniture. Her interest in art began at a young age and continued to develop, manifesting itself in various forms, as she advanced through school. When she began attending San Diego State University in 2002, she was still unsure of what discipline she wanted to pursue. Each semester she would take classes in the art department and eventually discovered woodworking while enrolled in a crafts course. She instantly fell in love with the process and, having discovered her passion, avidly pursued it in the furniture design program under the tutelage of Wendy Maruyama. In 2006 she obtained her Bachelors degree in Applied Design and has since begun showing her work. She continues to work in San Diego and remains heavily involved with the San Diego State University furniture program as a teaching assistant and volunteer.

This month she will talk to us about how to make and use milk paint. This process will include a live demonstration and samples of things she has done with the paint.

Hope you can attend.

Ed White, Program Chairman

From the President...

Hello everyone and Happy New Year! First and foremost, it is time to renew your membership before the dues go up!! If you pay your dues on or before 31 January 2009 the price is \$25 – after that, it will be raised to \$30 per year. You will need your new membership card to continue receiving discounts from our local sponsors. To make things a little easier, you can renew your membership online by going to our web site [home page](#) and clicking [online membership](#), fill out the membership information and pay with your credit card.

I would like to thank Sue Spray for leading us through 2008. She was one of the driving factors in tackling a lengthy set of goals and objectives for the year. Sue, in conjunction with one of our toy program chairmen, Charlie Bierman, created a book of photographs highlighting some of the toy programs most prized creations. Now Sue is moving on to work with her own non-profit organization in keeping with her dedication to give back to the community. Her leadership and fine woodworking skills will be missed.

We have had two changes in the Board of Directors. At our Annual Meeting, I was voted President and Dave Henry as Vice President. To my advantage, Rhoda Keegan, Doug Parker and Ed Gladney remain in their current positions as Secretary, Treasure and Director at Large respectively. Our chairmanship has had quite a few changes as well. Sia McGown has filled one of the Membership Chair positions for long time member Len Wener, Jim Bradbury is filling Chuck Anderson's shoes as Resources and Raffle chairman and Linda Sanders was Ed Gladney partner setting up the Fall Seminar. Harry Feucht's job as Refreshment Chairman was filled by Don Spangler and Glen Weischedel. Ed White took over for Sue Spray in the programs department and has volunteered to fill a tentative position as Shop Tours Coordinator. While Ed is filling that spot, Del Cover has volunteered to take over the Programs slot. With all that said, we need to fill the Shop Tours spot within the next few months along with the Mentor and Publicity positions. Volunteers can contact any of the Board of Directors or Chairpersons if they are interested. It's very rewarding!

I would like to thank Russ Filbeck for coordinating the tremendously successful bus tour to the Gamble House and Huntington Museum and Botanical Gardens. Everyone had a great time and we look forward to heading out on another field trip in the near future. Russ put a lot of work into setting things up and making sure we were happy throughout the day, and finally, getting everyone home safe and sound.

We are one meeting into the 2009 Design in Wood (DIW) season. We hold monthly meetings at 9:30am, the first Saturday of each month. The meeting is hosted by Chuck Anderson and conducted by Bob Stevenson, our DIW Coordinator. Every year we hear how great the DIW show was and every year it seems to improve. Year after year the entries and staging are better and the set up is quicker. You'll see more about the DIW show in Bob Stevenson's write ups over the next few months.

As the new President, I am going to put forth my best effort to meet the needs of our members and improve the benefits you get as a member of one of the largest woodworking associations in the United States. Among my goals for 2009 are to see more mentor classes and networking between our members. We have a wide range of knowledge at our fingertips and it would be a shame if we didn't take advantage of such a great asset.

I look forward to serving as your President for the next year. Please feel free to email or call me or any of the other Board of Directors/Chairpersons with questions, suggestions or even complaints. Thank you for supporting our Association, I am very excited about the upcoming year.

Robert Threm, President, 619- 993-8207 or rthrem@cox.net

Hand Tool Event in Norwalk, CA

Woodworkers of all abilities will have a chance to try new tools and learn new skills at a special Hand Tool Event held at Cerritos College in Norwalk, CA (about 17 miles southeast of downtown Los Angeles). The free event offers fans of woodworking a chance to use a wide array of hand tools and learn techniques such as simple honing methods for razor sharp blades, and tuning a hand plane for optimal performance. The event will be held Friday, January 23rd and Saturday, January 24th at Cerritos College's Wood Shop (Room WD-13), and is sponsored by Lie-Nielsen Toolworks. The event will feature guest demonstrators including: plane blade maker, Ron Hock; Founder of Glen-Drake Toolworks, Kevin Drake, and Bridge City Tool Works.

For more information visit: HYPERLINK "http://www.lie-nielsen.com" www.lie-nielsen.com or call 800-327-2520.

Shop Tour

SHOP TOUR HELP WANTED

The New Year is here and your devoted directors are hoping for something of a new look in shop tours for 2009. Specifically I am asking you to help me identify two kinds of shops in San Diego County:

1. Exceptional woodshops that you know about and think other members would like to see. Such shops would be the kind we have been seeing all along in our regular tours, shops with WOW! features.

2. Realistic home woodshops that most of us could at least hope to have someday. These shops would be for a different purpose, intended to appeal to the majority of members that see woodworking as a cool hobby, or for an occasional project, but who haven't the budget or space, or perhaps time, for a dream shop. I'm hoping that new members, especially, will find these practical shops especially interesting and pertinent to their needs.

The realistic shop I'm thinking about has been built in a garage or basement or a spare room or a trailer or some other clever bit of space. The key idea for a realistic shop is that it works for the woodworker; the available space, budget and equipment have been brought together successfully. It does not have to be elaborate, or pretty, or roomy, or even clean, but it does the job and the sawdust flows happily. Perfection is not expected, just workability. In other words, it would show how the inspired, but perhaps resource-limited, amateur woodworker solves his/her shop problems.

With these small home shops, after the owner's enthusiastic agreement, a small local group of members (maybe 5-10), who had expressed prior interest, would be invited to visit. Discussion would emphasize how shop set-up problems were solved, and point up the special skills and interests of the owner, hopefully with a demo or two. I would coordinate/arrange these local tours. If this leads to subsequent visits and collaborations among the local members, would that be a bad thing?

If you have suggestions for either kind of shop (including your own!), let me know. I will get back to you immediately. The realistic shop tour is mainly just an idea now, but one we believe would help members get more out of the SDFWA. Thanks much for your help!

Dave Henry, Shop Tour Chairman 760-753-2484, dwhenry@simplyweb.net

SDFWA Membership Report for January

For those of you who have not sent in your renewal, don't delay too long. Our dues have increased from \$25 a year to \$30. If you renew before the end of January, you can get 2009 membership at the 2008 price. You can renew via the mail, or at a meeting. And now you can renew online. Simply navigate our website to the membership page, or go directly to this link:

<http://sdfwa.org/memberapp.htm>. It is very easy and you pay with a credit card.

As of 12 January we have 635 members signed up for 2009, this includes 31 new members. We welcome these new members and thank all of our sponsors for getting the word out about what our association has to offer.

ProBono Letters

Thank you so much for the toys for our preschool rooms. They are wonderful and you are craftsmen. I can see how much effort and time went into these toys. They are a blessing for our children and I appreciate you.

Blessings,
Wayne Sheets, Children's Pastor , Community Bible Church

Dear Woodworkers,

Thank you so much for the wonderful hand-made toys that you donated to our church Childrens' Ministry. Our volunteers were very impressed with the quality of the toys and the children loved them! They will provide many hours of fun for the kids. Your association members obviously take great pride in their work.

God Bless
Pastor Steve Lamm, Grace Church, Santee,CA

San Diego Fine Woodworkers Association

The San Diego Armed Services YMCA, Youth & Community Outreach Department, wants to thank you for your heartfelt and beautifully crafted children's table, chairs, and toys donation. Your contributions will be used to furnish our educational play area in our new Paul Hartley Community Outreach Complex. Furthermore, these fine crafts are currently being treasured and enjoyed by the many children we serve in our programs for military children.

Karena Vigliotti, Youth and Community Outreach Program Director
Andrea Fields, Youth and Community Program Leader

San Diego Fine Woodworkers,

Thank you very much for the wooden chairs and all the beautiful toys. They are definitely being put to use. Thank you for blessing us.

Sponsors in the Spotlight

FROST HARDWOOD LUMBER COMPANY

Founded in 1911, by Albert A. Frost Sr, the Frost Hardwood Lumber Company has been a community leader of the woodworking industry in San Diego. In 1991, the company combined two sites and moved to its current seven acre location at 6565 Miramar Road, easily accessible from anywhere in San Diego County. The company remains in the capable hands of the family with Gordon T. Frost Jr, Bruce Frost and James Frost at the helm, providing outstanding support and customer service to the woodworking community. Byram Frost, Bruce's son, has joined the ranks of the sales team and represents the "fourth generation" of Frost's.

The Frost facilities feature a high quality custom lumber mill, and one of the few laminate/veneer presses located in San Diego County, including 80,000 sq ft of covered storage. Although Frost's primary business is the wholesale of hardwoods and specialty soft wood lumber, the everyday woodworker and weekend hobby folks are sure to find exactly what they need for that special project. And for that small project you will discover hobby bins with a wide selection of short pieces in various sizes.

As a long time sponsor of the San Diego Fine Wood Workers Assn, Frost has provided material for SDFWA raffles and the 40 plaques of Euro Beech in 2008 and Spanish Cedar in 2009 awarded to the sponsors for the Design in Wood Show at the annual San Diego County Fair.

So, if you're in the Miramar area, stop in for a look or visit Frost Hardwood on the web at www.frosthwood.com.
