May Program

Arron Radelow, Furniture Maker

Our May program will feature the "Best of Show" winner at the 2004 Design in Wood Show, Arron K. Radelow. His piece "Drinks Cabinet" was an art deco cabinet made of Amboiuia, Maccasar Ebony and Ivory. In 2003 the Los Angeles Times said "Arron Radelow has dedicated himself to becoming one of the most dynamic and versatile custom furniture makers in America Today...His diverse portfolio of work includes everything from Queen Ann dressing tables and Byzantine hand carved gates to rustic Morris Chairs". If you want to preview his portfolio, go to customwooddesigns.com. This should be a very inspiring program to kick off the 2005 Design in wood show.

DESIGN IN WOOD EXHIBITION 2005

The Design in Wood Exhibition will start on June 10th and continue through the 4th of July. We have 321 beautiful pieces entered this year.

Set up will start at 8:30am on Monday, May 22, and continue through Thursday, May 26. If you are interested in helping, come on out to the Mission Tower Building and join in the fun. No need to sign up in advance, **JUST SHOW UP**. If you haven't helped before, let us know and we will get you started. If you bring any of your own tools from home like a power drill, be sure to have your name written clearly on each piece.

Sign ups for the Chair Shop are just about complete, just 20 slots left. The gallery floor is a different story. This is where we need your help the most. Don't be bashful! We need about 70 more shifts filled. Remember, you get two (2) Fair admission tickets free for each shift you sign up for.

If you can't make it to the next general meeting to sign up, take a look at: www.sdfwa.org and look at the sign up list. Pick an open date, call Len Wener at 619-222-5521 or Lynn Rybarczyk at 858-270-7930 and they will get you signed up. Please sign up as soon as you get this reminder so I can get your tickets in the mail to you.

I want to thank everyone in advance for your help with the Design in Wood Exhibition. This is an extremely big undertaking and I can not do it without your help.

Bob Stevenson, Chairman, Shows & Exhibits 619-422-7338, bobscww@cox.net

From the President...

The Playhouse is finished. See pictures of the construction and finished product on our WEB site, www.SDFWA.org. The organization was presented with a nice thank you plaque during the Children's Day event at Camp Pendleton on April 30th (See Pictures in this newsletter). We took toys and presented them to the Children's Center during the event. We also gave away about 50 small cars to the children who stopped by the booth. Plans are under way for a follow-up event at the playhouse site with all the volunteers who worked on the project. This event will probably happen during July or August.

Entries for the Design In Wood show are now closed. It is now time for setup and we need your help. **THIS IS THE LAST MEETING BEFORE THE DESIGN IN WOOD SHOW AND WE STILL NEED VOLUNTEERS FOR SET UP AND WALKING THE FLOOR DURING THE SHOW.**

We still have about 70 open slots for floorwalkers. Floor duty can be very rewarding answering the many questions about the pieces on display. You don't have to be an expert as answers on all the pieces are readily available. It also gives you a chance to spend some time really looking over the different works on display. I know from past experience that I seem to find something new each time I go through the show. Floor walking is a very important job at the show. Interacting with the public, answering questions about the different pieces on display, signing up new members, directing people to the bathroom, etc. Besides, you get to wear one of those nice brightly colored vests that identify you as a San Diego Fine Woodworker. Seriously though, we need to protect the pieces on display and answer the many questions about the pieces on display. Many of the people displaying do so for their business and depend on our volunteers to direct potential customers to them.

The first thing we have to do is set-up. The more help we get the better. No sign up is necessary to help with set up. Of course, you get fair tickets for setting up also. Just show up. If you have a screw gun, bring it. If not just come with a willingness to help. There is plenty to do. We will feed you and provide plenty of refreshments. The more people we have the easier it is on everyone. Set up really goes by quickly and it is a good way to meet people in the organization. We always have a good time and it is a lot of fun. Just show up and we will put you to work. Get involved and take advantage of the opportunity to work with you.

We also need volunteers to work in the 19th century cabinet shop making children's chairs. Each year we produce about 50 chairs for charity. These are hand made during the fair by our members. It is a great way to learn and practice hand tool techniques. The hand tool skills we teach you are still very important skills for today's woodworker and are necessary for any type of woodworking project, from furniture to cabinets.

Sign up sheets for all shifts are available on line at www.sdfwa.org and will also be available at the meeting. Use the online signup if possible. But for the computer challenged we will have sign up sheets at the meeting. **ALL VOLUNTEERS RECEIVE FAIR TICKETS.** The more you volunteer, the more tickets you get. Work a few shifts and treat your family. Besides being a lot of fun it is a good way to get to know your fellow members. This is our big event for the year so sign up and plan to help. Please see Bob Stevenson's message for further information.

See you at the meeting

Ed Gladney, President 858-484-4366, gladney@san.rr.com

Help Wanted

The San Diego Arthritis Foundation has asked us to make at least one hundred sets of four chair raisers to make life a little better for people with that crippling disease. The idea came from a woodworking club in Ohio, and Harry Feucht, Jack Thurman and I have made twenty-five sets so far, all from scrap 2 x 6, 2 x 8 and 2 x 10 cutoffs of construction fir. Now we need other Association woodworkers to join with us in this worthy project.

Construction is simple, and scrounging the material is as easy as stopping by just about any construction site, explaining your need, and carting away the wood, which would otherwise go to the landfill.

The 2-By material is trimmed to 5 ¼ inch blocks, and three of them are stacked and glued for each raiser. After the glue has dried and the blocks are sanded smooth, drill or rout a 3" hole in the top of each one to hold the chair leg. The hole should be about ¾ of an inch deep. A coat of stain, varnish or shellac turns the blocks into furniture and a thing of joy for their prospective owners. Use a fine tip magic marker to write **San Diego Fine Woodworkers** in the bottom of each hole, or bring your raisers to my shop and we will brand them. We can also drill the holes if you would prefer.

May is National Arthritis Month, and the perfect time to do several sets.

Call me at 619-232-4626 if you have a question or need some help. We need yours.

Bill Collins
