

San Diego Fine Woodworkers Association

Our 28th Year of bringing Woodworkers together

Volume 28

May 2009 Newsletter

Issue 4

The Next Meeting is 7pm, May 27th

**Onboard the San Diego Maritime Museum ship
the Ferryboat Berkeley, located across from the County Administration
Building,
at 1492 Harbor Drive**

May Program

The Maritime Museum ship the San Salvador

Please note location change above.

Ray Ashley, a director for 14 years and current President/CEO of the Maritime Museum of San Diego will give a program on the upcoming project to build a full size replica of the San Salvador, the discovery ship of San Diego and California. This will be one of the largest woodworking projects done in San Diego in modern times. The ship will be a 200 ton vessel that will retrace Cabrillo's voyage of discovery. The ship is starting construction this fall and will be built at the entrance of Harbor Island and will have a viewing area for the public to watch the construction. There are also some opportunities for some of our members to get involved first hand. This will be a special meeting for us and will be on the Ferryboat Berkley at the Maritime Museum, 1492 north harbor drive on Wednesday, May 27th at 7:00pm.

See you there,

Del Cover, Program Chairman

From the President...

Hello everyone,

Please take note of the venue change for our next meeting. Del Cover has set up our meeting at the San Diego Maritime Museum ship Berkeley, located on Harbor Drive.

This is the last meeting before the Design in Wood show in June. Time seems to be passing so quickly and we still have a few hurdles to clear. We have over 300 entries again this year and I've heard through the grapevine, that we have a pretty unique mix of entries.

The Design in Wood show is one of our biggest events of the year and gives us the opportunity to meet the public and introduce them to woodworking and our Association. We are always looking for new members to share our love of the craft.

We still need volunteers to walk the floor and work in the chair shop. This year we've started an online sign up page on our website. You will find that at <http://www.sdfwa.org/diwscheduling/login.aspx>. I can't think of a better time to support the association and the community by volunteering for a few shifts at the Design in Wood Show. One of the best parts about volunteering – you don't need any experience. This is a great opportunity to learn how to use hand tools that you don't see every day.

For every shift you work, you will receive two tickets for the San Diego Fair. If walking the floor or working in the chair shop isn't what piques your interests, you can always join us in setting up the show or take down after the show ends. Set up begins on Monday, May 18th at 8:30am at the Mission Tower Building.

SDFWA will also present some very talented students with our annual scholarships at Palomar Community College. Two dollars of every membership dues collected goes into the scholarship fund. Russ Filbeck and Hurley Dodd, our co-chairs for the scholarship committee, have been hard at work making sure deserving students are rewarded for their efforts. The awards will be presented at the yearend awards banquet on May 28th at the Palomar College CTF classroom and shops.

Our Annual Seminar is in the works, so keep an eye out for further information over the next few months. Ed Gladney and Linda Sanders are hard at work making sure things go smoothly so you can sit back and enjoy the show.

I look forward to seeing you at Berkeley Museum for our next meeting.

2009 Fall Seminar

This year we are privileged to have Phil Lowe as our seminar speaker. Phil is an experienced lecturer and speaker. His school, the Furniture Institute of Massachusetts, offers hands-on classes in all facets of traditional furniture making. He has been involved with woodworking since 1968 and is the author of many articles in "Fine Woodworking Magazine". He will be teaching the art of traditional chair making. No matter the style of chair you want to make, the techniques are the same. Phil will show us how to design, build and fit a chair as he actually constructs the parts and assembles one on stage. Phil is featured in the "Time Life" series on woodworking and in videos with The Taunton Press on "Carve a Ball and Claw Foot", "Making a Sheraton Bed" and most recently, "Measuring Furniture for Reproduction". His teaching experience includes ten years (1975 -1985) as an instructor at Boston's North Bennett Street School, where he was positioned as department head for the latter five. Since 1985 Phil has operated a furniture making and restoration shop in Beverly, MA, producing work for the private sector and museums throughout North America. In 1997 Phil started The Furniture Institute of Massachusetts which offers hands-on classes in all facets of traditional furniture making. Phil has been a visiting instructor and demonstrator at various schools and woodworking organizations throughout the United States and Canada.

Seating is limited so sign up early to guarantee a seat.

Ed Gladney, Seminar Chair

DESIGN IN WOOD

VOLUNTEERS NEEDED TO HELP WITH DESIGN IN WOOD

As of April 30, we have 100 shifts open for the Gallery floor Ambassadors and 30 open spots in the Chair Shop.

In order for SDFWA to continue the 28-year tradition of sponsoring the best and largest Woodworking Competition in the US, we need your help. Within our organization we have over 1000 members. Why do we always leave most the work to a few? Please help by signing up to fill a few shifts at the Fair.

Working in the Chair Shop is really fun and rewarding and helps us make the children's chairs for charity. You get to use different tools and we provide direction. Therefore, you can be a beginner, a novice, or an advanced woodworker and have great fun. Sign up today.

If you would rather help out the easy way and just walk around the exhibit protecting the pieces and answering questions from the Fairgoers, sign up to be a Gallery Floor Ambassador. We will show you what to do and guarantee you will have a great experience.

We pay you with two (2) Fair Admission tickets for each shift you work. All you have to do is sign up for a shift or two or more and we will take care of the rest.

Design in Wood Sign ups

We now have the ability to receive online signups to volunteer for the floor and chair shop.

You will need your email address that you provided when you joined SDFWA and your name and number as it appears on your SDFWA membership card.

Use the following to sign up online:

1. Sign onto www.sdfwa.org
2. Click on "Design in Wood volunteer sign up"
3. If you have not previously signed in, click on "**Create Log In**".
 - A. Provide your **member number** from the membership card and **email address** (used when you joined SDFWA)
 - B. If your information matches the data base, you will be taken to the page to create your **Login ID and Password**. It is located in a block that is titled "Sign up for your new account".
NOTE: Your password must have at least 1 non-alphanumeric character, e.g., @ # \$ % & -) in your password
4. Click on "**Go to volunteer - sign up**" and follow the written instructions at the bottom of the page to sign up for your dates & times.

NOTE: If you don't have a computer or are not able to sign up online, please call Eric Lunde at: **858-487-7644**

Thank you very much for your help.

Toy Program

Since our last report the following toys & chairs have been completed:

52	Weed Whackers	Jerry's Toy Group	1	Duck Carousel	Unknown
16	Cars	John Benbow	10	Cars	Bob Meyer
10	Cars	David Ulmer	12	Cars	Frank Butler

Our toy, chair, & table production total for 2009 is 647. Many thanks to all for contributing your skill, time and effort to bring our toy program to the needy. We are making a lot of kids happy this year! In March we lost one of our long time toy makers, Al Griscavage. Our condolences go to his family.

Wood Needed for Toy making: We need Baltic birch plywood in 1/8", 1/4", 3/8", 1/2" thicknesses; minimum size of 8" x 13". Please bring to our club meetings. Thank you.

Roger Solheid, Toy Program Chairman

Mentor Program 5-09 – Bob Stevenson's Shop

The 4-hour program covered hand as well as machine techniques of making Mortise & Tenon Joints. All in attendance were afforded the opportunity to make a hand-made mortise and tenon supervision. A good time was had by all.
