### **The MicroFence System for Routers**

Hello All,

This is the last meeting for 2006 and we have a wonderful presentation for you this month. You know, a router is just about the most versatile tool in the woodworking shop. I can do more with a router than just about any other tool. The number and types of accessories for routers are virtually endless. One in particular that I have been intrigued by for many years is the MicroFence System. I got to know Richard Wedler, the inventor and owner of Micro Fence System for Routers and am honored to introduce him as our invited speaker for the meeting this month.

Richard has been a custom cabinet and furniture maker in Southern California for over thirty years. He wasn't always a professional woodworker and his life experience is broad and interesting. After completing college, participating in the family business and touring the US as a singer and guitarist performing the opening concerts for some well known acts that included Judy Collins, Josh White, Tom Rush and a good many others, Richard eventually landed in Los Angeles and was involved for several years in making documentary films which have reaped a number of awards on the festival circuit.

All the while, between paying music and film gigs, his woodworking skills kept the cash flowing, (or trickling). Eventually, the woodworking led to a growing business in furniture making. Throughout the seventies and eighties he worked for, and with, some of the most prestigious design firms and architects in the city, building pieces for the rich and famous of Hollywood. He still does commissions for a few clients when time permits.

In the late eighties, working with his machinist father, Rich conceived of and built the first Micro Fence Edge-Guide in response to a frustration he was experiencing with router operations. The concept was to develop a means of measurement that would improve the accuracy and efficiency of set-ups on the hand-held router. Rich and his Dad, Jack Wedler, worked on prototypes for several years before deciding to make and market the Micro Fence. Though Jack passed away in '98, Rich has continued on with the development of the rest of the System that continues to evolve today.

Richard will talk about the development of the MicroFence System for Routers and will demonstrate the system he and his father invented. The versatility, extreme accuracy, ease of use and practicality of his system will provide an educational and interesting evening of router use magic. Please join us!

# November Raffle

The September birthday celebration was a major success, with record ticket sales and happy winners. It was a special effort, and now we have to rebuild the raffle kitty to do it again in a few months.

The Association's Old Tool Swapmeet on Sunday November 5th was another success story, and a twice-a-year event you shouldn't miss. The next one will be April 1st.

Let's look at what's in store for this month's raffle. Rockler, Tool Depot and Bill Kohr's Craftsman Studio were especially generous with special discounts for the raffle. Be sure to thank them when you see them with words and purchases. Our sponsors support SDFWA in many ways, and help make our Association possible.

Here are seven useful prizes. !

- |  |   |
|--|---|
| 1. Biscuit Joiner and Biscuits                             | You'll like using this joinery method       |
| 2. Makita Cordless Drill, Impact Driver and Flashlight Kit | Three great 14.4 Volt Tools                 |
| 3. Porter-Cable 693 Router/Plunge Router Kit               | A traditional prize for the past five years |
| 4. Lie-Nielsen Shoulder Plane                              | A wonderful handful of plane                |
| 5. 12" Stationery Disc Sander                              | A heavy-duty shop tool                      |
| 6. Porter-Cable 2" brad nailer                             | Every shop needs one                        |

The usual bucket full of interesting tools, accessories and interesting wood

Ticket Sales start at 6:30, and only at the meeting. Come early and support this fun event. Every penny supports the purchase of prizes... More support means more and better prizes.

## From the President...

It is time to renew your membership. Renew now while you think of it. January is just around the corner and you don't want to miss out on those great discounts because you forgot to renew your membership.

In accordance with our bylaws, next year's board of directors will be elected during the November 29<sup>th</sup> general meeting. Nominations were opened at the September meeting and are closed at this meeting. Ron Rossi and Bob Stevenson will present the nominees and a floor vote will be taken. Contact Ron or Bob if you have someone to nominate.

Bob Stevenson	619-422-7338	<a href="mailto:bobscww@cs.com">bobscww@cs.com</a>
Ron Rossi	619-582-9883	<a href="mailto:ronrossi@cox.net">ronrossi@cox.net</a>

Besides the 5-member board we have about 25 committee chairpersons that really form the heart and soul of the organization. Without them we couldn't function. They all put in a large amount of time each year on your behalf. Your committee chairs are listed in each newsletter, so take a look and give them your thanks for their support. Of course there are many opportunities to get involved, meet fellow woodworkers and be part of the largest and most active woodworking organization in the world! Amateur or professional alike there is opportunity for all. If you are interested in serving on the board or a committee of this fine organization please contact any board or committee member and we will get you started. **We currently need an equipment person to set up our microphones and sound equipment for next year's general meetings.** After many years of keeping our meetings running smoothly, Tom Johnson is retiring from this job at the end of the year. Please give him your thanks.

We are looking for your suggestions for general meeting programs and seminar topics. Please email them to any board member or me.

This is a busy time of the year for us woodworkers making all those holiday presents. Bring your favorite to the meeting and show it off at the brag table. We are always looking for good gift ideas. A very Happy Thanksgiving to all. I hope to see you at the next meeting.

On a personal note, I want to thank all of you for your good wishes and prayers. My doctor says I am recovering nicely. I feel better each day and should be back to 100% before too long.

## **THE LAST SHOP TOUR OF 2006**

Our last tour for 2006 will be held at the shop of Ross Watkins on 02 December 2006 at 9am

After an engineering degree and eighteen years in the embedded software industry, Ross Watkins decided to build custom furniture and stained glass. His appreciation of the Craftsman, Prairie, Mission, Frank Lloyd Wright, Stickley, and Greene & Greene styles influences his tastes, selections, and preferences, and facilitates the melding of these two seemingly dying arts. At the tour of his shop, Ross will show how he transformed half of his four-car garage with cabinets, countertops, storage, dust collection and woeful under tooling to produce cabinets, furniture, and stained glass. Leave the city behind for the scenic vistas of the San Diego County Estates in Ramona, with breathtaking views of Mt. Woodson, the Cuyamacas, and Cleveland National Forest in his backyard. Selected pieces inside the home will also be shown. Bring your suggestions! For a preview of Ross's work you can visit his website at <http://www.romawat.org>.

## **Shop tour call to members**

Any members who would like to share a few hours of a Saturday morning (9am) showing off their shop to other members, please email [rthrem@cox.net](mailto:rthrem@cox.net) (or give me a call 619 993-8207) with the details and we can set something up. The shop tours are held the first Saturday after the general meetings. If you know any non-members interested in having our members tour their facility you can email that information as well.

I hope you have enjoyed the tours over the past 18 months and I will continue my efforts to search out shops that will keep you coming. Suggestions are always welcomed. Have a great holiday season.

## A Year of Refection and Growth

This past year of working on our 25th anniversary has been very rewarding for me. It has allowed me to renew old friendships and to learn about the production of DVD's. In this article, I will write about the Toy Program, our second community service.

In May of 1985, I introduced the idea of having a toy building program as a community service that would utilize the woodworking skills of those members who did not have the time or skills to build a fine show quality piece. That first year a few individuals made over one hundred toys that were given to three charities in San Diego.

One type of toy I built that year was a cradle/bed, which is still being made by the group today. I bought this uniquely designed bed from a 95 year old gentleman who lived in Port Orange, Florida, his name Roaman Jacinski. Roman had retired from the laundry business and started a small wooden crafts shop. He was still making sawdust into his 100's. The sparkle in his eye and his love for working with wood was quite an inspiration to me.

A few weeks ago, I experienced a similar excitement about woodworking when I visited Charlie Bierman at his shop. I was very impressed by Charlie's enthusiasm and his pride he showed for the toy program. All the people who are involved with this project have made it into a smooth running and self-sufficient operation. There are networks for obtaining wood and other supplies. High quality and precision engineered jigs to aid in the mass production of many of the toys have been made by the group.

Each year this fine program makes between 3 to 4 thousand wooden toys plus chairs and tables. These items are given to needy children and their supporting organizations throughout the county. Recipients include health clinics, child care centers, and pre-school operations. Besides helping the community at large, the toy program also benefits our members.

The program gives satisfaction to those making the toys for the children. The group workshops offer members a chance for fellowship and sharing of knowledge. These workshops also allow those members who are starting out in woodworking and lack skills or equipment to learn and enjoy woodworking. Some of the members of the toy program teach a toy making class at Palomar Community College each year.

My hat goes off to Roger Solheid, Charles Pinkus, Charlie Bierman, and all of you who are involved with the toy making program – keep up this wonderful love you share with thousands of children each year.

Post Script: Lynn Rybarczyk heard that Art Carpenter died this year. Art was our first special guest seminar speaker. Lynn said that a conversation with Art in 1980 helped plant the seed for the Design In Wood Show at the San Diego County Fair.

## Toy Program

Since our last report the following toys & chairs have been completed:

22	Cars	Chuck Goldsmith	1	Child's Table	Maurice Sasson
15	Planes	Chuck Goldsmith	40	Cars	Joshua & Dennis Rink
30	Walking Dogs	Jerry's Toy Group	12	Cars	Jon & Ben Bow
10	Cars	Ruth Cook	49	Cars	Tom Giacchina
123	Cars & Trucks	Lew Leithner			

Our toy, chair, & table production total for this year is 2,774. Much thanks to all for contributing your skill, time and effort to bring our toy program to the needy. We helped make a lot of kids happy this year!

Your used woodworking magazines & books are needed!

Please bring your used woodworking magazines & books to our club meetings and donate them to the Toy Program. Your Toy Program resells them and raises funds to buy wheels and paint. Thank you.

## **Cutouts and Memory Boxes for Kids**

Cutouts were brought to the September meeting by the following:

Chuck Luebbers	68
Bob Anttila	250
Collins Shop	51
Ann Abbott	33

We can use lots of cutouts with Christmas themes for children to paint during December, so bring those and your memory boxes to the meeting. Al DeVries and I will make sure they get into little hands in plenty of time. We always have patterns and wood.

## **26<sup>TH</sup> ANNUAL DESIGN IN WOOD EXHIBITION**

Believe it or not, we are already planning the 2007 annual Design in Wood Exhibition. It is also time for you to start preparing your entry. The following are some dates and times you should keep in mind regarding this wonderful annual event. Remember, as a member of SDFWA, this is your premier event of the year. We look forward to your support and participation.

### **CALL FOR ENTRIES:**

This year we celebrate our 26<sup>th</sup> Anniversary of Design in Wood.  
Design in Wood will run from **Friday, June 8, to Wednesday, July 4, 2007**.  
It will be **closed** the **first three (3) Mondays** and the **first two (2) Tuesdays**.

### **ENTRY DEADLINES:**

Deadline for mail-in entries is **Friday, April 27, 2007, at 5:00pm**. All mailed-in entries must be postmarked by this date and time.

Deadline for email entries is **Friday, April 27, 2007 at 5:00pm**.

Enter online at: [www.sdfair.com](http://www.sdfair.com).

**NOTE: Entry forms online and hardcopy should be available early March 2007.** Look for announcements in your newsletter.

### **PLANNING & BUILDING:**

Remember, it is time to start planning and building your entry. Have your piece/pieces ready for **delivery on Thursday, May 31, 2007**. As usual we are looking forward to a great variety of entries in the 21 different classes. Especially we want to see more clocks, things made for children, traditional furniture, all classes of carvings – Birds, Animals, Marine Animals, and the open class, and all classes of Turnings.

### **FAIR THEME:**

The Fair theme this year is “**HEROES**” – Everyday folks we consider heroes for their extra-ordinary feats and acts of kindness.

### **DESIGN IN WOOD PLANNING COMMITTEE MEETINGS:**

The Design in Wood Planning Committee will again hold monthly meetings on the **1<sup>st</sup> Saturday of each month** beginning with **January 6, 2007, at 9:30am**. Chuck Anderson has again graciously agreed to host the meetings at his residence, 3377 Park Rim Court, San Diego.

If you have any questions, don't hesitate to call me at 619-422-7338 or email me at [bobscww@cox.net](mailto:bobscww@cox.net).

To: The San Diego Fine Woodworkers Association  
From: The House Of David Church

We would like to thank you again for your generous gift of the wooden toys that was given to our church. We received 3 cartons of building blocks, 1 box of trucks and 2 boxes of the ABC blocks. These have come in so handy since we have just recently opened our day care facility. Our children just love them.

Sincerely,

To The San Diego Fine Woodworkers Association

The House of David Church of God In Christ has just recently opened it's day care center called Melody's House. We are currently servicing about 11 families with day care services in our community. The tables, chairs and toys that you have donated have allowed us to furnish our facility and provide fun play time for all of the children. We deeply appreciate your kindness and generosity in donating these items to us. Thank you.

Sincerely,  
Brenda Sanders, Church Secretary

San Diego Fine Woodworkers

October 11, 2006

Our sincere thanks and appreciation to the San Diego Fine Woodworkers for their generous donation of approximately 60 wooden toys for use in our agency's efforts to provide needed services for San Diego's low income children. We are currently engaged in two essential community-based health projects---childhood immunizations and developmental screenings---and these wooden toys make excellent incentive and reward items for the participating children and their families. Once again, thank you for your group's continuing contributions to children in the communities we serve.

Sincerely,

### **The following letter was received by Ed Gladney and is being passed on to the membership**

November 1, 2006

TO: Mr. Ed Gladney, President of the SDFWA  
FROM: Ken Hotelling  
SUBJECT: Passing of Francis Eugene ("Gene") Hotelling – Longtime Member

Dear Mr. Gladney:

It is with sadness that I report to you and the SDFWA the recent passing of my father, Francis Eugene Hotelling, or "Gene" as he was commonly known.

Gene had a passion for woodworking and he became a member of the SDFWA when the organization just started out. (Editor: joined 9/15/83) I believe that there were only 30 or so members when he joined the group.

I have spent many days out in my dad's shop over the years in Spring Valley. We would "putter around" and "make sawdust" as he liked to say. He has donated many wooden toys to charity through the SDFWA over the years and was an active SDFWA member.

Gene donated a large number of woodworking magazines from his private collection about a year or two ago to Palomar College (via Russ Filbeck) and he believed strongly in the woodworking program.

Recently Bill Collins came out to my dad's workshop along with another organization member (I think his name is Jack) to pick up a huge amount of wood that my dad wanted to donate to them. Dad was unable to spend any time in his shop after May of this year due to poor health. Bill and Jack helped a few of us sort through this big stack of wood on one of the hottest days of the year, back in July, and they both even stayed to help us clean up in his shop afterwards! (They both demonstrate the passion and volunteerism attitude of the SDFWA; my "hats off" to both of them!).

I wish to personally thank the SDFWA for providing my dad with the tremendous opportunity to participate with a great group of people who are dedicated to woodworking. He was very proud to be a member the SDFWA and my heartfelt thank you, along with my family, to this terrific organization.

Sincerely,

Ken Hotelling
