

San Diego Fine Woodworkers Association

Our 28th Year of bringing Woodworkers together

Volume 28

November 2009 Newsletter

Issue 7

**The Next Meeting is 7pm, December 2nd
at the Al Bahr Temple, 5440 Kearny Mesa Rd.
Behind the Hampton Inn**

November Program

Lathe Turning

Our November program will be a turning lecture and demo by Nan Bushley. Nan will be showing how to turn bowls, using different mounts, one by using a chuck with a tenon mount and another using a waste bloc and face plate. She will also show different types of lathe tools and their usage and discuss how to finish a bowl. Nan was one of the founders of the San Diego Woodturners and is an instructor at Palomar College, Mesa College, and Rockler. She also gives private lessons in her studio as well as being is one of the judges at the Del Mar Fair Design in Wood show. Bring your face shields because the chips are going to fly.

See you there,

Del Cover, Program Chairman

November Raffle

Santa took a good look around and decided that the SDFWA deserved some extra special goodies. And for the older children in the crowd we have a nice prize generously donated by Mike of Rockler.

Please come early and take a good gander at the prizes. Ticket sales begin at 6:30 with another opportunity at the meeting break to buy additional tickets for a better chance at winning that tool you've got your eye on and would look great in your shop.

Once again Mitch of Exotic Tropical Hardwoods has generously donated a nice selection of his wood. All of the money goes directly for acquiring bigger and better prizes. See you at the raffle table.

From the President...

It was very remiss of me to leave out one of the local woodworking clubs in the last Presidents message. I failed to mention the San Diego Seaside Scrollers participation in the Design in Wood Show. They are always willing to lend a helping hand and this year was no different. Thank you for everything you did.

As you know, the Annual Meeting is when we elect our Board of Directors. Nominations were opened at the September meeting. The current proposed slate of officers for 2010 is as follows:

| | |
|-----------------|--------------|
| President | Robert Threm |
| Vice President | Open |
| Treasurer | Doug Parker |
| Secretary | Open |
| Member at Large | Ed Gladney |

Nominating committee

| | | |
|---------------|----------------|------------------------------------------------------------|
| Bob Reese | (858) 695-2460 | ddstauffer@cox.net |
| Dale Stauffer | (619) 840-5684 | rtreese@gmail.com |

Nominations will also be taken from the floor at the annual meeting held 02 December. We currently have two positions open that need to be filled. If you want to get more involved in the Association, please email me or the nominating committee. We can certainly use the help and it can be very rewarding serving the community and other woodworking enthusiasts. Our raffle/sponsor position is also open. If you enjoy checking out the latest tools and have an eye for a good sale, this spot is for you. Ed Gladney and I are filling in until we can find someone to take over.

The SDFWA isn't just run by the Board of Directors. There is a long list of Chairmen who really make everything run as smoothly as it does. Without them the association would cease to exist. One of our most active members, Rhoda Keegan, is stepping down from the Secretary position after four years of dedicated service. She will be sorely missed.

This year our Fall Seminar was a huge success. Phil Lowe put on a fantastic demonstration and shared his woodworking knowledge with over 100 attendees. The grand prize was the chair Phil was building over the three day three day event. Although Phil didn't have enough time to complete the chair, he was kind enough to offer the chair to the association as the final raffle prize - at a price. Phil asked that we hold the raffle to raise money for the SDFWA. Steve Alwardt held the winning ticket and took home the chair, a signed set of plans and the desire to finish the project. We hope to see it on the brag table in the very near future. Congratulations Steve.

Our Fall Seminar doesn't run itself. It takes the work of a lot of people to provide our members with such a great seminar. I would like to start by thanking Ed Gladney and Linda Sanders being Chair and co chair for the 2009 Fall Seminar. I would also like to thank the Bob Coats for running the reception desk, Pat Edwards for provided accommodations for Phil Lowe during his stay. Harry Feucht, Ron Rossi, Don Spangler, Al De Vries and Glen Weischedel kept everyone well fed and hydrated. Dale Stauffer provided the muscles (and truck) to get all the equipment in and out of the venue along with helping Phil out on stage. Last but not least, Mike Durlak from Rockler for providing our door prizes and some of the equipment used over the weekend.

The New Year is almost upon us. Please make sure you get your membership dues paid before December 31st.

I hope to see you at the Annual Meeting on Wednesday, 02 December.

Be safe and have a great holiday season.

Robert Threm, President rthrem@cox.net, 619-993-8207

Nominating Committee

Time has come for us to nominate candidates for the 2010 Board of Directors. Robert Reese and Dale Stauffer have been appointed as the Nominating Committee. Nominations were opened at the September 30th General Meeting and will close at the December 2nd Annual Meeting.

The five Board of Directors positions that we will be voting on are – President, Vice President, Treasurer, Secretary and Member at Large.

If you would like to nominate someone or nominate yourself, please contact Robert Reese or Dale Stauffer.

| Robert Reese | 858 695-2460 | rtreese@gmail.com |
| Dale Stauffer | 619 840-5684 | ddstauffer@cox.net |

In addition to the Board of Directors there are numerous Committee Chair Persons who contribute a tremendous amount of effort to the Associations activities. Many of our Chair Positions could use a little assistance to make their job easier. If you have some spare time and would like to volunteer, please let one of the Board or Committee Members know and I'm sure they would welcome the help.

SDFWA PRESENCE ON FACEBOOK

Many of you may be asking - what exactly is "Facebook". Well let me tell you a little about it. Facebook or FB as it is commonly referred to, is a social networking website. Now I know what you're thinking. Why the heck would I want to join a social networking website? I said the same thing. But since I've been using FB, I've been reconnected with a lot of old high school friends, military buddies, and relatives that I haven't seen in years! I even talk with people right here in California.

To give you some idea of the type of people or groups on FB, I did a short search and found the following groups: Popular Woodworking, Plans Now, Fine Woodworking, This Old House, Wood Magazine, Woodworking and Furniture Making and believe or not...ROCKLER! Some of these groups have over 3500 members.

To become a member of FB, you have to sign up, it's free and it's easy. To sign up go to www.facebook.com and fill in the blanks. First and last name, email address, password and DOB. Once you fill in all that information, FB will send you an email to verify your email address. That's it. Once you do that, FB will take you through a few steps to help you find friends. You can add and find friends, fill in profile information and post your picture OR you can skip all of that and just start looking for friends or groups with similar interests.

After you log in, you can change the default settings on your account. You can block people from seeing anything you put on the site, you can block email addresses. You have the capability to set your security restrictions as tight or loose as you want. It's completely up to you.

Okay, so now you're a member of FB. You are going to get "Friend Requests". These requests can be from people you may or may not know. If they have a picture posted on their profile, and you know them, you can either accept the "Friend request" or not. It's completely up to you. You can also join "Groups" like ours, San Diego Fine Woodworkers Association SDFWA. You will be able to get into the group, post pictures of your current project or shop, ask for help on a project or just shoot the breeze with other members of the SDFWA. No one can join the SDFWA on FB without asking the administrator for permission. A "Request to join" goes to the admin of the group (currently me) and I grant the person access if they are a current member of the Association.

Many of you may be worried about people causing trouble on the site. If that happens, I have the capability to remove them from the group. That's pretty easy if you ask me. If you decide that you don't want to be a member of FB any longer, you can "Deactivate" your account in about 2 minutes and it's a done deal, no one can access your information any longer.

Our presence on FB will offer the (SDFWA FB) members the ability to get in contact with each other and network. If a Non SDFWA member, who is on FB, does a search for a local woodworking club will find us. It's free advertising! There are a host of other benefits too. Do you need a special piece of wood that you can't find on a Sunday? Ask other members of our FB group, they may have what you are looking for. We currently have a few general topics of discussion - Project help, looking for plans, buy – sell – or trade, and looking for wood.

At least give it a shot, what do you have to lose? If you need help setting up your profile or security settings or just general questions about using FB, please email or give me a call.

Announcement from WOOD magazine

WOOD magazine recently launched a new, featured-filled community platform on their heavily visited internet site at woodmagazine.com. The new community section features new forums, galleries, and blogs. What does this mean to you? The editors of WOOD search the forums and galleries on a daily basis looking for woodworking tips, new projects, top shops, interesting images, and other ideas to publish online or in the magazine. When these projects or tips are promoted, the originator is credited, and if the item appears in WOOD magazine, the creator is often rewarded monetarily. To view WOOD's new community go to: woodmagazine.com/forums Your participation could mean national recognition.
