

San Diego Fine Woodworkers Association

CELEBRATING 25 YEARS

Volume 25 September 2006 Newsletter Issue 6

The Next Meeting is 7 pm, September 27th, at the Al Bahr Temple, 5440 Kearny Mesa Rd.

Behind the Hampton Inn

September Program

San Diego Fine Woodworkers 25th Anniversary Celebration featuring guest speaker Roy Underhill. Please see the insert in the newsletter for Additional details.

We expect a sell out crowd and parking is limited. Please carpool and arrive early. You are responsible for finding your own overflow parking location.

Susan Spray, Program Chairwoman

From the President...

The September meeting is a special event celebrating our 25-year history. It will be a fun filled evening with special guest speaker Roy Underhill, from the PBS series "The Woodwright's Shop". Besides refreshments, we will have displays, a special raffle and other things not at regular meetings. We are sure to have a great time at this event so don't miss it. Tickets a \$5 each and are on sale at Rockler.

Time has come for us to nominate candidates for 2007 board of directors. Bob Stevenson and Ron Rossi will be the nominating committee this year. Nominations are open between the September and November meetings. Nominations are closed at the November meeting during which elections are held. The SDFWA Board of Directors consists of five elected officers, President, Vice President, Secretary, Treasurer and the immediate past president. If the past president is not available, then the fifth board member is a Director-at-large. Contact Bob or Ron if you have someone to nominate.

Bob Stevenson 619-422-7338 bobscww@cs.com

Ron Rossi 619-582-9883 ronrossi@cox.net

In addition to the five elected board members we have many important committee people that really run the organization and make it what it is. Any volunteer organization is only as good as the number of members willing to contribute. We currently have 33 committees, each requiring a chairperson. **This is a great organization but if we are to continue to offer as many activities through out the year as in the past, we need more people to help.** This is a chance to be part of the largest and most active woodworking organization in the world! Professional woodworking experience is not necessary. After all, most members consider themselves amateurs or experienced amateurs. We will train you and provide you with lots of help to get started. If you are interested in helping please contact me or any board member and we will get you started.

Ed Gladney, President gladney@san.rr.com

Chairs from the Fair

Please return the finished chairs at this meeting. The chairs are needed now, so they can be distributed before the holiday season.

Thanks,

Martin Ruch

September Raffle

BEST RAFFLE EVER!

September's raffle is a wonderful celebration of the Association's Silver Jubilee, with TEN of the best raffle prizes ever offered.

How about a Delta Midi-lathe like the one we had last meeting or a Lie Nielsen Number 4 smoothing plane? Or a Porter-Cable 18-gauge pin-nailer with a Makita compressor to make the nails go in? Could your shop use a Jet Mortising Machine or maybe Bosch's newest jigsaw?

In the unlikely event you have all of those tools, think about our raffle's traditional Porter-Cable combination Standard and Plunge Router Kit, a Milwaukee Drill and Sawzall kit in a carrying bag or a Delta 10" bandsaw on a floor stand. Here they are, ready to be taken home by lucky winners....

- | | |
|---|--|
| ○ 1. <u>Lie Nielsen #4 Smoothing Plane</u> | An improvement on Stanley's #4 Bedrock! |
| ○ 2. <u>Porter-Cable Pin Nailer and Makita Compressor</u> | Great nailer; great compressor |
| ○ 3. <u>Delta Midi Lathe and chisels</u> | Can be expanded with additional bed sections |
| ○ 4. <u>Jet Mortising Machine</u> | Precise mortises. Has four bit sizes |
| ○ 5. <u>Delta 10" Bandsaw</u> | Delta quality in a small space |
| ○ 6. <u>Porter Cable Router/Plunge Kit</u> | A Raffle Tradition and always a quick pick |
| ○ 7. <u>Milwaukee ½" Drill and Sawzall</u> | Industrial-quality tools with a lot of uses |
| ○ 8. <u>Bosch Jigsaw</u> | Latest model with Easy Blade Change |
| ○ 9. A special Bucket of Good Stuff | Lots and lots of goodies |
| ○ 10. LET US SURPRISE YOU | |

Tickets go on sale at 6:15 to handle the crowd we expect to attend this Silver Anniversary program. Come early for parking and good tickets and a chance to fondle all the tools. Tickets get cheaper when you buy more. The more you buy the better your chance of winning. It figures.

Mark your calendars for a meeting you won't want to miss!

San Diego Fine Woodworkers

25th Anniversary Celebration

September 27th, 2006

7:00 PM

Featuring Roy Underhill

"The Woodwright"

The San Diego Fine Woodworkers Association is very excited to present the 25th Anniversary celebration at the September meeting. This celebration promises to be one of the highlights of the Association's 25 year existence. We are extremely pleased to present Roy Underhill, host and producer of *The Woodwright's Shop* as our guest speaker. Besides being a tremendously gifted woodworker, Roy is a most entertaining and fascinating speaker. This promises to be a fun-filled evening you don't want to miss.

In addition to Roy's humorous and entertaining talk, we will be providing refreshments including cakes decorated specially for the celebration. There will also be:

- commemorative T shirts available for purchase
- a display of memorabilia covering the 25 years of the association's accomplishments
- examples of some of the toys and other items the association has donated to other worthy organizations over the years
- a viewing of the wonderful videos that were created and presented during the 2006 Designs in Wood Exhibition
- A special drawing for an autographed copy of one of Roy's books

This meeting promises to be unlike any other meeting we have had and will be a very memorable experience you won't want to miss! To provide such an unusual and memorable celebration, the Association is asking everyone who attends to pay a \$5 honorarium to cover the additional expenses of this gala event. Come and join us for this spectacular event of food, world-class entertainment and camaraderie among woodworking aficionados!

**Seating is limited, so get your tickets now!
On sale at Rockler Woodworking Store San Diego
\$5.00 per person**

**We expect a sell out crowd and parking is limited.
Please carpool and arrive early. You are

MOVERS AND SHAKERS

In 1985, Richard Griebe, our newsletter editor, labeled the new board of directors, “movers and shakers.” The reason for this title was that these people stepped forward, when the association was at an all time low, and they brought forth a rebirth. They went beyond the call of duty. In this article I will tell you about two individuals that have had a long lasting impact on our organization. Chris Fonteneau was a member of that 1985 board and picked the job of resource chairman. In the early years of the association the resource program involved the harvesting of fallen trees, group buying of exotic wood, hardware, or hand tools. In 1985, Chris was a marine woodworker and a member of the San Diego Marine Trade Association. He knew and had a good relationship with many of the woodworking suppliers. He felt one way to help the association grow was to offer discounts to our members. So, he went to the suppliers with a win-win proposal. Give a discount to our members and they would buy from you. He made arrangements with seven suppliers. Two of the original retailers continue as a part of the program. They are Frost Hardwood and Rockler (former The Woodworkers Store). Now we have 19 suppliers in this fine program.

In 1994, another person came along who also fits the description of a “mover and shaker.” Chuck Anderson volunteered to be a resource chairman and turned the raffle program around. Until 1994 the raffle depended upon donations from members or some of our local suppliers. Raffles were only held when items were available. Sometimes there was only one raffle a year. Chuck went to the retail stores involved in the discount program and asked if they would donate one big item per year to build interest in the raffle. The formula of seven big items and discount tickets has made the raffle program self-supporting and very successful today. Chuck gives credit to Bill Collins for mentoring him when he first became involved with the resource program. Now Chuck Anderson is our Mentor Chairman.

There is a saying: “No plan is worth the paper it is printed on unless it starts you doing something.” Both Chris Fonteneau and Chuck Anderson had plans. We all can be thankful that they followed through with them, as we now all benefit from their efforts. We all can make a difference if we pitch in and share our talents.

Chuck Meacham – past President 1985-86

Toy Program

Our toy, chair, & table production total for this year is 2,472. Much thanks to all for contributing your skill, time and effort to bring our toy program to the needy. We helped make a lot of kids happy this year!

Your used woodworking magazines & books are needed!

Please bring your used woodworking magazines & books to our club meetings and donate them to the Toy Program. Your Toy Program resells them and raises funds to buy wheels and paint. You donated \$65.50 last meeting. Thank you.

Roger Solheid, Toy Program Chairman

Cutouts and Memory Boxes

We missed recognizing our generous cutout and memory box contributors in the last newsletter. This is the information for the past three months, and includes a contribution from the scroll sawyers demonstrating at the Design in Wood Show. Most have these have been delivered to hospital children's wards by now, but the need continues. I will have patterns and wood at the September meeting, and I urge you to get involved in this worthwhile effort. It helps sick kids make the best of a bad situation.

September Membership Report

The current membership is 1447, 203 of whom are new members. Based upon a comparison with last year at this date, we should have a total of about 1500 at year end. Member cards have been issued to 576 spouses. Website newsletters are the option of 555 (39%) of the current members.

The database (MS Access) permits filtering the membership information in a variety of forms, according to the needs of officers or committee chairpersons. Example: The recent need for a list of current members without email addresses is readily met in one Query of the database or by several filterings of the spreadsheet directory.

The November 5th Old Tool Swapmeet

It will still be dark when swapmeet sellers start rolling into the Rockler Woodworkers Store parking lot, but many will be greeted by anxious buyers with flashlights, even before they come to a stop.

Twice a year, at 6:00 AM on the first Sundays in April and in November the San Diego Fine Woodworkers Association, Rockler, and the PAST tool collectors' club bring together dozens of sellers and hundreds of buyers to sell, trade, bargain and barter. Rockler provides the space and our Association provides the publicity for an event that gets bigger and better every time.

It's the right place to buy or sell or trade hand and power tools, woodworking machinery, wood, finishing equipment and supplies, publications, hardware and other good stuff, and it's all free for both buyers and sellers. It's pretty much finished by noon, so you should get there early to make the best deals and see your woodworking and tool collecting friends. I do both, so I'll see you there. Rockler is at 8199 Clairemont Mesa Blvd., between 805 and 163. Call me at (619) 232-4626 if you need more information.

August 26, 2006

I would like to take this opportunity to thank the Woodworkers Association for their greatly appreciated donation. The total donation of 98 toys included: 50 mini cars & trucks, 44 various vehicles, 2 grasshoppers and 2 helicopters are enjoyed by the children that frequent this facility. The craftsmanship along with the woodworking details is incredible. I can only image the joy the children will have playing with the helicopters, grasshoppers and the various models of toy cars. Your generosity will provide hours of stimulation and recreation, and enrich these children's' lives.

Once again, thank you for the generous gift of wooded toys.

Sincerely, Sharon W. Hill
Supervising Clerk/Site Coordinator

Escondido Children's Museum

August 9, 2006

Thank you very much for your kind donation of the wooden cars and toys. We will use these to add to our exhibits. They are particularly enjoyed by parents and children in our multi-sensory toddler exhibit!

The mission of the Escondido Children's Museum is to inspire children to learn about the world we live in. It fills a community need by offering a wholesome and safe gathering place for children and their families. We are a small, fairly new, non-profit organization and we rely heavily on generous donations like yours!

Thank you very much for donating these special toys to the children in the community!

Sincerely, Tncia James
Operations Coordinator, Escondido Children's Museum

Notre Dame Academy

July 26,2006

San Diego Fine Woodworkers

On behalf of Notre Dame Academy, I would like to thank you and the San Diego Fine Woodworkers for donating the beautifully crafted construction blocks and ABC blocks to our school. Although our school is on summer recess, we have had children come into the office during the past few weeks and I have observed how much the children enjoy the fine craftsmanship of the construction blocks as they build towers and roads and have been delighted to see how the older siblings are using the ABC blocks to make words and teach their younger siblings. Your generosity in providing us with a second set of wooden toys is again greatly appreciated.

As mentioned before, Note Dame Academy, a Sisters of Union-Chretienne de Saint Chaumond school, which opened in September 2006 offering an education for children from Preschool through eighth grade is experiencing strong growth with enrollment numbers indicating we will have three Preschool classes and two Kindergarten classes for the 2006-2007 academic year. Although the older children also enjoy the blocks and other wooden toys, the children in these classes in particular will benefit from your generosity as our school continues the mission of instruction and education of the young with a particular openness to different cultures.

On behalf of the many children served by Notre Dame Academy, thank you for your commitment to our cause. May God bless you always.

Gratefully yours, Sharon L. Long, Controller
Notre Dame Academy

San Diego Coalition for the Homeless

August 18,2006

Thank you for your response to our appeal for the annual "Holiday Magic for Children" we host every year for homeless and needy children. We especially extend our very deep appreciation and thanks to San Diego Fine Woodworkers for the toys you delivered and will deliver in the future.

Over 5,000 kids attended last year's party and that number may be exceeded this December due to economic conditions in San Diego. Your toys will certainly help us meet the demand so every child receives a new toy.

Please extend our thanks to all of your members. Working together we can make a difference! Sincerely,

Sandra A. Maynes, Executive Director

(donation was; 150 small hand held cars, 10 helicopters, 5 grasshoppers, 2 stools and 8 dolls with beds)

Call for Teacher

The Braille Institute at 4555 Executive Drive, La Jolla, conducts classes for blind and vision-impaired students. These classes are designed to make the students more independent and make their lives more meaningful. The Braille institute is considering starting a woodworking class on 6 September 2006, and desires to recruit a volunteer instructor from your organization. The class would be for a period of one hour each Tuesday. We plan to have students build a cutting board or a checkerboard.

The students will not be using any power equipment except a pad sander or a manual miter saw jig. The instructor will be supplied all supplies (maple, oak, wood. glue, sanding paper and clamps). The instructor will be required to cut the wood prior to bringing it to class for the students to glue-up.

The instructor may contact Kane Shew at 858-487-8343 for any concerns or questions he or she may have.

(cont, from pg 7) The Braille Institute may be contacted at 1-858-452-1111 (Joy or Julie).

Thank you for your consideration and we will be looking forward to your answer, concerning this matter, at your earliest convenience.

Respectively,
Kane Shew, 858-487-8343

Book Reviewers Wanted

I received the following from Taunton Press asking for book reviewers. They will send us books and in exchange ask for a review as stated below. Of course you get to keep the book. I currently have the following books in need of a reviewer.

Woodworker's Pocket Reference
Step-By-Step Pyrography

Please contact me if you would like to participate in this program.

Dear Mr. Gladney,

Fine Woodworking Book BLOG

What it is:

FineWoodworking.com will soon add (slated for Monday, Sept. 4) a book review blog to the Community page of its Web site: <http://www.taunton.com/finewoodworking/Community/CommunityHome.aspx>

Review "Guidelines":

We are asking for brief reviews of woodworking books. The reviews can be under 300 words or less sharing your views on the book you were sent.

Deadlines:

The review deadlines are flexible, but in general, I ask for about a three-week turn around from the time the reviewer receives the book--keep me in the loop about your schedule or if you're running into difficulty. Once you finish the book and write the review, e-mail the review to me.

Next Steps:

I will then mail a contract to sign so that we may publish the review on our Web site. I will work with the reviewer to edit the piece for publication. The piece will then be slated for publication on our new blog. We will work together to develop a short "bio" of the reviewer to publish along with the review.
